GENERAL JOB DESCRIPTION

- The candidate shall provide support necessary to develop schedules, life cycle cost estimates, required procurement documentation, and perform analyses in support of acquisition management and business management.
- The candidate shall analyze Initial Capabilities Documents (ICD), Capability Development Documents (CDD), and Capabilities Production Documents (CPD).
- The candidate shall assist in developing acquisition strategies and plans to support research, development, production, acquisition and sustainment of weapons and other systems.
- The candidate shall develop program support documentation as required to support the acquisition strategy / plan needed to acquire appropriate approvals specified by the Program Manager, Program Executive Officer, and the Acquisition Executive. This documentation may include: Acquisition Program Baselines (APB) and Analysis of Alternatives.
- The candidate shall provide technical support to various commodity working groups / integrated process teams and Government Source Selection Boards. The candidate shall review and analyze requirements documents, coordinate with requiring activities, conduct market research, coordinate with vendors, and develop and provide the Government Contracting Office a complete procurement package that has been staffed and approved at the appropriate level.
- The candidate shall develop and/or maintain acquisition management documentation required by DoD 5000 series, and applicable US Army acquisition regulations.
- The candidate shall assist in preparing documentation, including but not limited to: Statements of Work (SOW), Statements of Objectives (SOO), Product Descriptions, Performance Specifications, Test Plans, Risk Assessments/Management Plans, and Cost and Operational Effectiveness Analysis (COEA).
- The candidate shall track status of procurement actions and prepare and submit sub-tasks to the receiving supply support activity.
- The candidate shall ensure items ordered are received by the requesting unit and that all receipt documents are returned to the Contracting Office for payment approval and contract closeout.
- The candidate may be required to participate in periodic reconciliations with the supply support activity.
